Soft Skills
Quick Learner, Adaptability , Communication , Teamwork , Time Management.

PROJECTS

Multilingual Plagiarism Detection System   01/2025 – 05/2025
Semantic Analysis — NLP — Machine Learning
- Created a GUI-based tool to detect cross-language plagiarism using semantic similarity
- Built a custom multilingual dataset and displayed plagiarism score with safety levels
- Future-ready system with potential to add detailed highlighting and web integration

Multilingual Translation Engine for Station Announcements   07/2024 – 12/2024
Natural Language Processing (NLP) — Real-Time Systems
- Developed a desktop-based tool for station masters to translate announcements in real-time
- Integrated Google Cloud API for quick and accurate multilingual text conversion
- Designed for offline use within station systems, with scope to add speech/audio output in future
